## Taft Declares He Cannot Be a Candidate Because of His Attitude Towards the Treaty

(Special to the New York Times)

Chicago, April 24.—Following the refusal of the senate last month to consider the League of Nations treaty, either with or without reservations, David Herriott of 2047 W. 108th Place, Chicago, wrote to William Howard Taft urging him to gravely consider the question of be-

## Reiss & Meyers Celebrate Tenth Anniversary

At the close of a decade of successful merchandising, the store of Reiss & Meyers this week celebrates its tenth anniversary.

With the one ideal ever foremost of giving best quality of merchandise at the lowest consistent price this store has grown to occupy a niche in the community welfare that is both desirable and beneficial.

Realizing their responsibility as an institution of service to the community and with a full appreciation for their obligations to their patrons who have contributed such great help to the success of the store, Reiss & Meyers express their gratitude for the co-operation received and will quicken their efforts to be of more service if possible.

As is fitting at this time, special reduced prices on all seasonable merchandise of the usual high quality are offered for this week's selling as a means of giving tangible evidence of their desire to reciprocate. In addition double Reiss & Meyers stamps will be given with each purchase all day Wednesday, Thursday, Friday and Saturday.

---

## Government Hospitals Filled

**Sick Wrecks Need a Life-Saving Station**

On the rock-bound coast, especially at places that are considered dangerous to the sea going vessels, every precaution is taken by our government at a tremendous cost, to erect lighthouses and establish life-saving stations. Every precaution is taken by the government to save the lives of any who may have the misfortune to be on an ill-fated ship.

What protection has the unfortunate one who becomes wrecked on the land and needs the services of a life-saving station?

The hospital may be termed the life-saving station on the land, as it has proven a conserver of the babe in thousands of maternity cases. It restores the sick and feeble to health, it makes the weak strong, it gives to the nation one of its greatest assets—health.

The government not only has enough of its own hospitals to adequately fill its needs, but is utilizing other hospitals owned by private and corporated institutions, to fill the need of its employes.

Institutions that do so much for the public and act for the welfare of the people should be encouraged by the people and should be supported by their generosity. In addition to its requiring regular patients, the Auburn Park Hospital is a designated government hospital. The new hospital is to be a hospital for the people and must be supported by the people.

---

Mr. J. F. Ryan, manager of the Do-Boy Bakery, 7705 S. Halsted St., wishes to apologize to the many patrons who failed to receive the proper attention during his hour sale last Thursday, but he hopes that this week he will be able to handle them with the usual courtesies.

The Oglesby Parent-Teachers association met Wednesday, April 28. There was a lively discussion on the care of children's teeth. A committee of three was appointed to find out what can be done by this association. An appropriation of $25.00 was made for the Jolly Tar club at Great Lakes.

STIGALL'S LAXATIVE ASPIRIN CAPSULES

...FOR...

COLDS, LA GRIPPE AND RHEUMATISM

CONTAINS NO QUININE TO AFFECT THE HEAD

PRICE 25 CENTS

W. J. STIGALL, - CHICAGO, ILL.

**Laxative Aspirin Capsules are the best known remedy for Cold, La Grippe, Rheumatism and Headaches.** Does not affect the head like quinine. In treating a cold it is very important that the bowels move freely every day. These capsules move the bowels gently without griping.

Dose: One capsule every two hours until four doses are taken, then one every three or four hours until entirely relieved.

For severe headache take two capsules and repeat in one hour, if necessary. Two capsules are generally sufficient to relieve the most obstinate case of nervous or sick headache.

When buying Laxative Aspirin Capsules, look for the trade mark and be sure you get the genuine.

For sale by all leading druggists.

## Auburn Circle No. 29 N. C. D. of I.

The last few weeks have been very busy for Auburn Circle. Our mothers' night and birthday party which was a joint affair was a huge success. We were pleased indeed to have so many mothers spend the evening with us. Sister Mae Evans had a splendid program arranged for the evening. Sister Sadie Kelly had charge of the refreshments, which were enjoyed by all.

On Wednesday evening, April 21, a large number of Auburn Circle journeyed out to Lake Forest to help entertain some of the convalescent soldiers from Fort Sheridan. The evening will be a pleasant memory as all had a very good time dancing. During the evening refreshments were served. Friday evening, April 23, Auburn held their regular meeting, which was followed by an initiation. A large number were admitted to our circle. Some of the new members would like to know when they can go to an initiation. I wonder why?

Our next regular meeting will be held Friday evening, May 14, at K. of C. club house, 6323 Harvard Ave.

## Cupid Steals Auburn Park Hospital Nurses

Although the hospitals all over the city are filled to the limit, they are having other troubles besides that of being congested. There is one serious objection the management of the Auburn Park Hospital is having and that is keeping help. It was only recently that two soldier boys who were in the hospital found a warm attachment for two of the nurses and as the result of kindness married the sympathetic nurses.

No one blames the boys, for the hospital has been noted for having girls of attractive disposition, but the management finds that there is sometimes objection in having the boys around. An effort to obtain their names was of no avail.

## Eamon De Valera Visits Englewood

Eamon De Valera, president of the Irish Republic, arrived from the south at 8 a. m. April 26th at the Englewood depot of the Chicago and Eastern Illinois railroad. He was met by a delegation of the committee of one hundred and was escorted by auto to the Congress Hotel. Sergeant Tom Prendergast was there to represent the famous Robert Emmet branch, Friends of Irish Freedom, and was cordially greeted by the president, who was formerly introduced to him by ex-Governor Dunne on a previous visit to Chicago. The illustrious president of the Irish Republic represents the county in Ireland that gave birth to Tom Prendergast, namely County Mayo, and the genial Tom did not forget to remind him of the fact, which made the greeting more cordial.

## Friends of Irish Freedom

Robert Emmet Branch will hold a mass meeting at St. Anne's hall, 55th and LaSalle Sts., on Wednesday evening, May 5. You are cordially invited to attend and become an active member of this fighting organization—record of success unparalelled. Judge John P. McGoorty will address the meeting. Good entertainment will be furnished. Admission free. Rev. H. P. Smyth of St. Mary's, Evanston, lately from Ireland, will deliver a stereopticon lecture on the "Easter Uprising of 1916" in Dublin, Ireland, to conclude with a grand ball and May party on Thursday, May 27, 8 p. m. at Englewood K. of C. Association hall, 6323-5 Harvard Ave. Dancing commences at 9 p. m. Don't miss this—it's a thriller. Tickets for sale at the office of the treasurer, Mr. Burke, 5537 Wentworth Ave.; St. Anne's Young Men's Club House, 5714 Wentworth Ave.; the secretary, Miss McCarthy, 5953 Wentworth Ave., and all members. Long live the Irish Republic!

---

The Victory club held their last meeting at the home of Mrs. Walsh, 7717 Ada St., and were entertained by little Miss Lucille Greenslee, who sang "Oh! What a Pal Was Mary," much to the amusement of the club members. The prizes for bunco were carried away by Mrs. Maloney, Mrs. De Camp, Mrs. Hasfurther and Mrs. Schafer. The Victory club members witsh to congratulate Mr. and Mrs. Ira Post on the arrival of their 10-lb. baby girl, Margaret Mary Post. We expect to have Mamma and Baby Post at the next meeting of the club which will be held Wednesday, May 5th, at Mrs. Wall's residence, 7737 Throop St.

---

The Misses Mary and Catherine Burke of 7509 Lowe Ave. left for a trip to Pasadena, Cal.

## A Red Letter Day at the Federated Church

Rev. Arthur Royal Gay spoke to large audiences both morning and evening at the Auburn Park Federated church (Congregational and Baptist) last Sunday. It was Rev. Gay's first Sunday as its new minister.

Rev. Gay came directly from Hampton Roads, where he had been chaplain. He entered the service in October, 1917, and served continuously, eight months being on the transport Antizone. He is a graduate of Wake Forest, N. C., and has his master's degree at University of Chicago. He received special mention at Hampton because of the number of young men seeking church membership.

There were special musical numbers both morning and evening, Miss Marjorie Gillespie, soprano; Messrs. Wilkie and Kennedy, violin and piano duet; Mesdames Fellows and Vollrath, vocal duet.

There will be services next Sunday both morning at 10:45 and evening at 7:45. Every one is cordially invited to hear Chaplain Gay.

There is an excellent graded Sunday school at 12 o'clock. Classes for tiny tots up to grandma. The children are preparing for Children's Day. Get your child in now so as to be sure to be on the program.

The church is at 7700 Normal Ave.

### "Violets"

Come show your pretty faces,
Violets of blue,
In lowlands and the grass rocks
We're waiting here for you.

So delicate and beautifully
With purple velvet dress,
You grace the fields with queenly pride
As sunrays thee caress.

Come raise your pretty faces,
Violets so blue,
Come and the earth in beauty wake,
Love's spring-time calls to you.
—Alma B. Wilson.

**Taft Declares He Cannot Be a Candidate Because of His Attitude Towards the Treaty**

coming a candidate for the presidency. Mr. Herriott, who is a prominent resident of Morgan Park, of which he has been postmaster, was a delegate to the convention of the League to Enforce Peace held last summer at Springfield, Ill.

The correspondence has just been made public. Mr. Taft's letter is the first response thus far elicited from the former president regarding his attitude toward the presidential campaign, and also on one of its most important issues, an issue which President Wilson is daily forcing to the very front.

Mr. Herriott's letter was dated March 20, last, and is as follows:

"Chicago, March 20, 1920.

"Hon. William Howard Taft,
Care The League to Enforce Peace,
130 W. 42nd St., New York City.

"Dear Mr. Taft: Last night's wretched work of our nation's senate means to me this—and it may be an inspiration from Him who rules the nations—a call to you to again lead this nation 'of the people, by the people and for the people' as you have never led it before.

"I mean that you should gravely consider the question of entering the coming Republican national convention as a candidate for the presidency.

"Pardon my abruptness. I assure you it is the result only of my serious view of a matter so fraught with consequences good or ill to not only ourselves but to all mankind.

"Most truly,
"DAVID HERRIOTT."

In reply to this, Mr. Taft wrote as follows:

"Augusta, Ga., March 24, 1920.

"My Dear Mr. Herriott: I have yours of March 20th, and I am glad to know you feel as I do in respect to the treaty.

"Your suggestion of a remedy I value as a compliment, but not as a possible solution. My attitude toward the treaty has put such a proposal out of range of practical possibility. Appreciating your good will; believe me, sincerely yours,

"WM. H. TAFT."

—From the New York Times of Sunday, April 25.

# ARMY CRIPPLES DELAYED BY RED TAPE

**Some Wait Six Months to Start Vocational Education**

Usually wars have produced a great body of helpless and pathetic cripples, whose lives have been wrecked, and the majority of whom were dependents.

The government plans for re-educating the soldiers crippled in the late war, for business and industrial pursuits, may work out some time. But the government, like other large bodies, moves very, very slowly. The federal board for vocational education is coming in for sharp criticism, for alleged red tape methods and delays in paying this debt of honor and patriotic duty.

If as claimed, an interval of six or more months usually takes place after a man is accepted for such training before he can begin work, there is a deplorable lack of business system. It is unfair to relatives who have to support a man who gave his all to his country. Yet he is put off from month to month as if he were an undeserving beggar. It is a poor reward for patriotism, and the sight is not one to thrill the youth of the land with zeal in the service of their country.

A helpless man under such circumstances quickly gets into a hopeless frame of mind, and every week's delay makes it harder for him to take up his new task of training. Without this re-education a crippled man will be handicapped for life, and he may lose heart and go to pieces in despondency and failure. The American people feel intensely interested in the welfare of these men. They will go the limit to set them on their feet in business or industry.

The Englewood Economist expresses the sentiment of the soldiers and their relatives, when it asks the congressmen from Illinois to do what they can to promote the speedy progress of this patriotic work.

**One Common Tongue.**

"There was one word," wrote an American Red Cross nurse serving in a French army hospital, "that we quickly learned in five languages. It was the word that came most often to the lips of sick or wounded soldiers when suffering or delirium wrung utterance from them. It is Mutter, mere, moeder, madre and mother."

**Condition to Avoid.**

The dangerous moment in life comes when men begin to over-value the past at the expense of the present. It is the moment of religious controversies, for ancestor worship, for narrowing in, for exalting one set of people and excluding another. When we reach it, it means that we are growing old. But we need never reach it.—Exchange.

**Natural Cloth.**

In tropical South America the inner bark of a species of tree yields an excellent cloth, the fibers of which are interwoven much as if the fabric came from a loom. All that is necessary is to wash and beat out the cellular stuff from the interstices and, when dried, it is light, flexible and altogether suitable for making up into garments.

**Madness of the Moon.**

So far as we can gather, there is no foundation for the old belief that the moon affects the mind and brings about madness in some people. The idea may have originated from the word "lunatic," which is derived from "luna" the moon.

**About the Carat.**

The "carat," the unit of weight peculiar to jewelry, was introduced from India. Man sought to record the weight of small objects by using tiny seeds. The barley grain was used in Europe. In the East the seeds of a vetch were in use, and it is from the Greek word for vetch (keration) that the now familiar term "carat" is derived.

**She Wanted Progress.**

"No, sah. Ah doan't neber ride on dem things," said an old colored lady looking in on the merry-go-round. "Why, de other day I seen dat Rastus Johnson git on an' ride as much as a dollah's worth an' git off at the very same place he got on at, an' I sez to him: 'Rastus,' I sez, 'yo' spent yo' money, but whar yo' been?'"—Boston Transcript.

**Searching Questions.**

About what am I now employing my own soul? On every occasion I must ask myself this question, and inquire: What have I now in this part of me which they call the ruling principle? And whose soul have I now? That of a child, or of a young man, or of a feeble woman, or of a tyrant, or of a domestic animal, or of a wild beast? —Marcus Aurelius.

## *Newsboy Injured by Taxicab*

Walter Perry, the newspaper dealer with a stand at the Englewood depot, 63rd. and Wallace Sts., was seriously injured on Monday evening when a taxicab backing out of an alley ran over him.

**SOMETHING WORTH WORKING FOR**

**Life Saving Stations** have been built and maintained for years by our government on the seacoast.

The **Fire Department** and **Police Department** are maintained by taxation.

The real Life Saving Station that saves more lives than all these combined is the **Hospital.** Many more lives would be lost without this invaluable service.

The **Hospital** is maintained by the sick, but must be **built** by the strong and healthy.

In one of the Chicago Hospitals only four mothers' deaths resulted from Twenty-Four Hundred maternity cases.

The sick are crying for admittance and are daily being turned away because there is no place to go. To slam the door in their face is a crime and that is what is being done today because there is no more room. Eighteen Hundred beds are more urgently needed south of 55th Street, to take care of the present demand.

The New Auburn Park Hospital will be the real Life Saving Station of our community, beautifully situated at 78th Place and Eggleston Avenue, fronting on Lagoon Park.

Volunteers who want to help in your neighborhood will please leave their names and addresses at Headquarters, corner 79th Street and Emerald Avenue.

$500,000 is WHAT WE NEED.

Remember this Hospital will be run without profit—it is your Hospital.

**Get Out of the Rut**

***The head of a family who in this day and age of progress and enlightenment, determines to stay in the rut and refuses to listen to anything new is guilty of criminal neglect.***

Because our forefather used tallow dips at night is that any reason why you should not use electric light now?

Because your ancestors were satisfied to ride in horse cars is that any reason why now you should refuse to travel in an electric car or declare that you will never ride in an automobile?

Because your ancestors used to dose themselves with poisonous drugs which treated the effect and did not worry about the cause, is that any reason why you should refuse to listen to the merits of the great SCIENCE OF CHIROPRACTIC?

Get out of the rut and we will hazard a guess that you will never again return to it.

All modern inventions were in their infancy declared to be impossible.

The most ignorant man is he who will not be taught.

The American citizen is a free man, he will not be forced to do anything. He also has the reputation of being progressive.

**Live Up to the Reputation**

Be progressive in the matter of health as you are in matters that touch your pocketbook.

HEALTH is the rightful inheritance of every man.

Are you, a free American citizen, going to calmly allow an obsolete science to rob you of that heritage?

If you are watering your garden by means of hose and some mischievous urchin places a heavy weight on it shutting off the flow of water you wouldn't be so foolish as to pour some drugs through the hose with the expectancy that they would relieve the pressure. Of course not.

You would immediately relieve the pressure by taking away the weight and that is just what the chiropractor does.

He finds that the cause of your trouble is a pressure which he immediately relieves by chiropractic vertebral adjustments and presto change, the vital force flows uninterrupted, function is restored and you are HAPPY AND HEALTHY.

Just try it the next time you do not feel well and you will soon become a convert to the wonderful science of chiropractic.

# BETTER COME ACROSS, MOVING WILL NOT HELP

### New City Law, Applied for First Time, Will Trap All "Deadbeats"

Here's sad news for the flitters—members of the deadbeat fraternity whose motto is, or was, "It's cheaper to move than to pay rent," and other little neighborhood bills. The city's new "deadbeat" ordinance, which requires expressmen and furniture movers to report every removal of furniture or personal belongings, is now in operation. It makes it difficult for those persons who "owe a few dollars on the phonograph" and who have been "pestered to death" by the installment collector from the furniture house to hide away through the simple process of moving without leaving a new address.

With the new law in operation a record of removals will be kept. Your old address, together with that to which the expressman moved your furniture or trunk, will be on file with City Librarian Frederick E. Rex in the city hall.

**Only Way Out is to Walk**

It will be available alike to the bill collector, the tax collector, the postman and the police, so the only way in which your identity may be lost is to leave all belongings behind that you can't carry away and walk to your new home.

The ordinance, when up for passage before the city council, met strong opposition, the "deadbeat" feature of it being attacked. It was finally passed on Feb. 18. The police desired the ordinance as an aid in search for missing persons, individuals wanted for crime or under suspicion. The health department also says it will be a great aid in preserving the health of the community.

**Blanks Sent to Movers**

Letters have been sent to all expressmen and movers inclosing blank forms for them to fill out in every case of removal, together with a copy of the ordinance. The librarian asks for reports on all removals dating from March 22.

## *Camp Fire News*

The Chittamango Camp Fire Maidens met with Mrs. Fusser, Friday, April 23, for their monthly business meeting. The constitution was written and several by-laws were decided upon. The girls handed in their honor lists to their new head recorder. The girls are progressing in the Indian hand language.

When the Tenegas meet at Mrs Musser's on Tuesday afternoon they usually find five or more Chittamangos there also.

# CHANGE OF OIL TO SAVE MOTOR

### Official of Large Motor Truck Concern Urges Practice as Protective Measure.

### KEROSENE QUITE INJURIOUS

**Little Chance of Changing Quality of Gasoline, Therefore Variation of Lubrication Frequently Is Strongly Advocated.**

A campaign to call attention to the necessity of changing oil in motors every so many hundred miles has been advocated by M. L. Pulcher, vice president and general manager of a prominent motor truck company. He contends that failure to change oil frequently is the main cause of the deterioration of motors.

Mr. Pulcher points out that there is so much kerosene in gasoline today that it has a tendency to run down past the pistons, get into the lubricating oil and thin it. The kerosene cuts the thin film of oil on the wearing surfaces of the pistons, piston rings and cylinder walls.

**Bugbear of Inefficiency.**

With the film of oil on the wearing parts of the motor broken, friction, the bugbear of motor efficiency, starts in. The pistons work up and down through broken films of oil in a lubricating substance that has lost considerable of its richness and thickness.

There is little chance of changing the quality of the gasoline. Therefore, to prolong the life of the motor the only thing to do is to change the lubricating oil frequently, possibly every 500 to 1,000 miles, he advocates.

An experiment witnessed by Mr. Pulcher recently is instanced by him as proof that it is the nonlubricating qualities of the oil that damage motors.

**Result of Experiment.**

A motor was brought into a shop with almost .015 inches wear. The motor was ground to .020 inches oversize, fitted with new pistons, put on the block and filled with good, clean oil. The motor was then run continuously for 60 hours and during this time the oil was changed three times.

When the motor was taken down it showed no wear.

The motor was again put together, oil was taken from an old truck and the motor was put through the same 60-hour test without any change of oil. It showed .005 inches wear, indicating that it is the nonlubricating qualities of the oil resulting from the kerosene working past the pistons and mixing with it that cause the deterioration of motors.

The age of a motor may almost be said to depend upon the number of times the oil is changed in it.
